

Russians Lift Traffic Bars

Will Put Them On Again Today

Berlin, May 19—(AP)—The Russians temporarily lifted their Helmsdorf traffic restrictions tonight and permitted backlogged trucks from west Germany to flow again to west Berlin.

The Russians notified the British, however, that the order applied for one night only and the restrictions will be reimposed tomorrow.

Thus, the Russians will still require all western German trucks with cargoes for western Berlin carry approval papers from the Soviet zone.

West Protests
All three western military governors immediately protested to Gen. Vasily Chuikov, Soviet commander in Germany. They accused the Russians of violating the New York agreement which resulted in the lifting of the blockades last Thursday. The agreement restored conditions to those effective March 1, 1948.

The British conceded earlier, however, that the Russians have a right to license freight barges operating between west Germany and west Berlin on waters of the Soviet zone.

They applied for such licenses for 100 barges.

Several hundred trucks carrying food for Berlin passed through Helmsdorf in a little more than an hour. A dispatch from Helmsdorf, said that by 11 p.m. the checkpoint was quiet and deserted, except for guards.

Insist On Documentation
"The Russians informed me by telephone this afternoon they intended to allow through only the traffic that was backlogged and, after that, would insist on having Soviet zone documentation for each subsequent truck," Hays said.

"This may mean that the traffic will flow for about 10 hours and their restrictions will go in force again."

The Russians yanked open the checkpoint at 7 p.m.

British authorities sent to Soviet headquarters 100 applications for permanent inter-zonal passes for freight barges.

This departure somewhat from an old western policy regarding freight movements between Berlin and the west zones, which are separated by 10 miles of Soviet-occupied territory. Until now, Britain, the United States and France have insisted on free movement of cargoes so long as they bore western licensing.

Hays was unaware of the British action on the barge applications. Other military government officials expressed mild surprise.

Before the Helmsdorf logjam broke, other trucks had been routed to another checkpoint, at Buedstedt, and passed swiftly by the Russian guards.

Polenik Convicted Of Murder; Jury Asks Death Penalty

Chicago, May 19—(AP)—A jury took only 45 minutes today to convict a 19-year-old youth of murdering a policeman and set his penalty at death in the electric chair.

The youth, Raymond Polenik, had been called "a coldblooded, ruthless killer" by State's Attorney John P. Boyle, who personally prosecuted the case.

Polenik was found guilty in the fatal shooting of Policeman Jerry Leboch in Suburban Sackney on Jan. 9.

It was the first time a Cook county state's attorney had prosecuted a murder case since Robert E. Crowe obtained life sentences for kidnap-murders Nathan Leopold and Richard Loeb in 1934.

The state contended Polenik shot Leboch and wounded another officer, Rudolph Loula, when they found him in a stolen car near his home and started to question him.

Polenik denied the shooting, testified he was home firing a furnace at the time, and declared a "confession" introduced at the trial was "beaten" out of him.

PLANE CARRIES 301
San Francisco, May 19—(AP)—The Navy's big flying boat Marshall carried a record load of 301 passengers—plus seven crewmen—on a flight to San Diego today. It had never carried more than 269 passengers before.

French Thank You Car Is Presented To Illinois People

Springfield, Ill., May 19—(AP)—The Illinois car of the French "Merci" train and its many gifts from the people of France were formally presented today to the State of Illinois.

They were presented by J. J. Viala, French Consul General in Chicago, to Gov. Adlai E. Stevenson before 500 persons at a meeting in the state's Centennial Building.

Stevenson said in a speech that Illinoisans feel "close kinship" to the French because Illinois was discovered and first explored and settled by the French. He expressed appreciation of "the genuine neighborliness" shown by the French "Thank You" train.

Other speakers were Mayor Harry B. Eilson of Springfield, and Jay Monaghan, State Historian. Stevenson was presented with an album which French children gave Illinois children.

The train gifts now are on exhibit in the State Historical Library at Springfield.

For 3rd Straight Day Tornadoes Hit Areas In Oklahoma

Bartlesville, Okla., May 19—(AP)—A tornado dropped into three Oklahoma areas tonight, making the third straight night that twisters have hit the state.

Damage tonight was believed minor. No injuries were reported. The tornado spiraled into a farm home two miles northeast of Dewey, in northeast Oklahoma. Walter Brown's barn and house porch were damaged, but his five-year-old daughter in the house was not hurt.

The big blow went skyward for a half mile, and dropped again to destroy the Bybka company's pump-in house.

Then it passed over Copan, about 8 miles from Dewey, creating a near panic.

From Copan the tornado traveled east to Wann, a town of 300 persons, and dropped into an outlying rural area. The town itself missed the cone.

Bavaria Rejects New Constitution For West Germany

Munich, Friday, May 20—(AP)—Bavaria rejected today the constitution for a West German republic but said if the other 10 states in the western occupation zones approve it will not stay out of the new government.

Four states have already ratified the charter and six more are expected to follow suit. It is hoped to have a West German government in operation by mid-July.

The state parliament, by a vote of 101 to 64, refused to ratify the constitution drawn up by the constituent assembly at Bonn. It was the first state in the western zones of occupation to vote against the charter.

Four states have already ratified the constitution in their state parliaments. Only the communists in those states voted against.

Six more states in the British, American and French zones are to vote by the end of the week. It takes two thirds of the 11 states to ratify the charter.

Train Narrowly Escapes Wreck

Freeport, Ill., May 19—(AP)—Debris piled on tracks of the Milwaukee road gave passengers a jolt last night but none was injured and the train escaped damage.

Trainmen said they believe children may have placed the pile of rods, into which were thrown broken bottles and stones, on the tracks.

The train, bound from Milwaukee to Kansas City, careened for several seconds after hitting the pile but righted itself. It was stopped for 30 minutes while the train crew inspected the diesel locomotive and other mechanical devices.

The obstruction was near Davis, Ill., 12 miles northeast of Freeport.

Nationalists Abandon Southwestern Suburbs

Shanghai, May 19—(AP)—Nationalist troops today abandoned the elaborate defense works they had built in Shanghai's southwestern suburbs.

Their movement into the city and other ominous developments did not jibe with garrison announcement of successes against the encircling communists, particularly on the southeast, six to eight miles from downtown Shanghai.

This city of more than 5,000,000 went unscathed into another night of siege in a drizzling rain. Artillery fire provided "background music" in the distance.

While the Reds were pushing their encircling drive on the Pootung sector on the southeast, it was abandonment of the southwest defenses on a quiet front that made Shanghai nervous.

Senate Bans Award To Red

Blasts AEC For Giving U.S. Money To Red

Washington, May 19—(AP)—The CIO executive board tonight ended a stormy three day meeting by asking all dissenting left wing board members to resign.

CIO President Philip Murray grimly warned that if communist line CIO leaders continued to defy CIO decisions as endorsing the Marshall plan they will be kicked out.

The board also called upon CIO unions represented by left wing board members to oust them as board representatives.

This amounted to asking these unions to remove their leaders and elect anti-communist men instead, since most board members are union presidents.

The resolution calling for resignations of the left wing board members, approved 29-6, criticized the dissenting minority for defying CIO constitutional provisions and convention policies.

But Murray made it clear the hot battle was over communism.

"It is a communistic situation," he said, "and it is one that must be dealt with at the CIO convention in Cleveland, of course."

Coplon Defense Is Fined For Talking Back To The Judge

Washington, May 19—(AP)—A \$100 contempt fine was slapped on the defense attorney for the Judith Coplon espionage trial today for talking back to the judge and using tactics which the court considered time-wasting.

The 75-year-old federal judge, Albert L. Reeves, told attorney Archibald Palmer sternly:

"I'm not going to put up with any more of your nonsense. And there will be more fines unless you change your methods."

The talkative Palmer immediately made the contempt fine the basis for another mistrial motion—his fifth so far—but Judge Reeves tartly denied it and told him to "get on with the case."

The contempt of court incident came as Palmer was questioning an FBI agent who had testified he shadowed Miss Coplon in the vicinity of 193rd Street and Broadway on the night she was arrested in New York, last March 4.

Reuther Threatens To Break Off All Talks At Ford Co.

Detroit, May 19—(AP)—UAW President Walter Reuther threatened tonight to break off all talks in the Ford strike if the company does not agree to simultaneous contract negotiations.

Reuther issued his ultimatum at a mass meeting of an estimated 14,000 Ford workers.

He proposed that bargaining on the contract begins next Monday. Earliest date for contract reopening was May 15.

The company has said it is not prepared to start contract talks before June 1—and then only if the strike has been settled.

Reuther suggested two methods for conducting the double bargaining sessions:

1. By devoting alternate full days to each subject.

2. By dividing each day equally between the strike and the contract.

Bucharest, Romania, May 19—(AP)—The American film "The Great Dictator," starring Charlie Chaplin, is packing them in.

The movie, the first American picture to be shown here in nearly two years, has been seen by 160,000 in four days. It is being shown at nine houses here from 8:30 a.m. to well after midnight.

Home Secretary Will Decide Fate Of Eisler

London, May 19—(AP)—The question whether communist Gerhart Eisler is a fugitive from United States justice or a political refugee, entitled to asylum is to be decided by Home Secretary James Chuter Ede.

Ede told the house of commons today he would make the decision after receiving the official U. S. request for Eisler's extradition.

"As soon as I get the requisition, I can decide whether the case is of a political character or not," he said. "If it is of a political character, it will then be my duty to day for a hearing on the United States demand for his return. Dudley Colliard, attorney for Eisler, indicated he would base the defense on the ground Eisler is a political refugee."

The U. S. requisition probably will arrive here and a decision be made by the home secretary before the case is called.

If Eisler is given the status of a political refugee, the case against him will be dropped.

Executives Of CIO Ask Left Wingers To Resign Board

Washington, May 19—(AP)—The CIO executive board tonight ended a stormy three day meeting by asking all dissenting left wing board members to resign.

CIO President Philip Murray grimly warned that if communist line CIO leaders continued to defy CIO decisions as endorsing the Marshall plan they will be kicked out.

The board also called upon CIO unions represented by left wing board members to oust them as board representatives.

This amounted to asking these unions to remove their leaders and elect anti-communist men instead, since most board members are union presidents.

Politics Get Lost At Royal Tea Party Attended By 2,000

London, May 19—(AP)—Politics got lost today when east and west mingled at a royal tea party.

Americans, Russians, Britons and Yugoslavs were among the 2,000 who went to Buckingham palace for the event, the second of two such parties this week.

King George VI. in an admiral's uniform, and Queen Elizabeth wearing a soft rose pink dress and matching hat, sat together while diplomats and their ladies curtsied and bowed.

Hundreds of guests not attached to diplomatic missions also were there, but were not presented personally to the king and queen.

In all, about 125 Americans attended. Twenty-eight Russians had invitations.

Today's guests came from countries starting with "M" through "Z," including the United Kingdom. Those from nations in the first half of the alphabet were invited yesterday.

The secretary of state, who will leave for the French capital tomorrow noon summed up his approach to the new council of foreign ministers session in these words:

"We shall neglect no real opportunity for increasing the area of solution and tranquility in the world. At the same time we shall not barter away successes achieved for the sake of promises which might again prove to be illusory, as they too often have in the past."

Better Opportunity

He said that he thought that "perhaps we have a better opportunity" now to reach a workable agreement with the Soviet Union on Germany than had existed in prior meetings.

But he added, "We must certainly be now in a better position to deal with the consequences of a failure."

These expressions stated in general terms Acheson's known determination not to permit the Russians to interfere in the slightest degree with plans of the United States, Britain and France for setting up a federal German republic over their zones.

Apparently Acheson's view is that if the Russians are now ready to unify Germany they can do so on the basis of the western plan, and if they are not ready to accept that condition then Germany indefinitely will remain divided.

He thus linked the fate of Germany closely to the fate of all western Europe and provided the background against which he may be expected to deal with such anticipated Russian moves as a proposal to withdraw all occupation troops from Germany.

Identity Of Youth In Teens Sought By Probation Head

Crown Point, Ind., May 19—(AP)—Walter Hammond, Lake county probation officer, said today he has hopes of early identification of a strange teen-age boy who claims to remember nothing of the early years of his life.

Hammond said he had been informed that Mrs. Alice Walker of Chicago (2529 Medill) believes the boy to be her cousin, Donald Simsek.

The probation officer said he was told that Mrs. Walker made the identification after seeing a newspaper picture of the boy. He said he expected Mrs. Walker to come here tomorrow to see the youth.

He added that she had indicated the youth disappeared last February from the Chicago parental home at 3600 Foster avenue.

The lad says his memory goes back about five years but beyond that he remembers nothing. He appears to be about 15 years old.

Acheson Goes To Paris Meet

Tells Of Stern Policy To Be Used On USSR

Washington, May 19—(AP)—On the eve of his departure for the Paris big four conference, Secretary of State Acheson sternly declared tonight he would refuse to "barter away" to Russia successes already scored by the west in rebuilding a democratic Germany.

He warned the American people against "the luxury of either undue pessimism or premature optimism" as to the outcome of the new east-west talks. No one can tell now whether the Paris meeting will succeed or fail, he said.

And he appealed for "steadiness and consistency" in American foreign policy, declaring it would be tragic if this nation should prematurely slacken its efforts to get the kind of world it wants at the first sign of success.

Issues Paris Policy
Acheson issued a statement on his Paris policy after a closed session with the Senate foreign relations committee to which he explained in detail what amounts to a "no compromise" attitude toward dealing with the Russians. His declaration made emphatically clear that he would not make concessions which in his opinion would extend Russian influence into the western German zone.

Committee Chairman Connally (D-Tex.) told reporters that he thought the committee was in complete agreement with Acheson's views.

The secretary of state, who will leave for the French capital tomorrow noon summed up his approach to the new council of foreign ministers session in these words:

"We shall neglect no real opportunity for increasing the area of solution and tranquility in the world. At the same time we shall not barter away successes achieved for the sake of promises which might again prove to be illusory, as they too often have in the past."

Dispute Arises Over 50,000 Ton State Coal Order

Springfield, Ill., May 19—(AP)—A dispute arose today over 50,000 tons of state coal contracts awarded last December during the last days of Gov. Dwight Green's republican administration.

State Purchasing Agent William J. McKinney said he can't find any record of the state asking competitive bids on the coal. He said such bids are required by law.

At Elmhurst, McKinney's predecessor, Walter R. Youngberg, said "every ton of coal" contracted for by the state during his term was by competitive bidding.

Youngberg said he does not recall the contracts mentioned by McKinney and declined further comment at this time.

McKinney said the contracts call for \$1 a ton above the present market price. He did not know the December market price.

Russian Pilot Flees To Sweden

Stockholm, Sweden, May 19—(AP)—A Soviet fighter pilot who crashed landed near Stockholm last night "is just fed up with Russia" and wants to stay in Sweden, police superintendent G. Moesterdahl said today.

"He resented the Soviet regime," the official added.

The pilot was detained at police headquarters because he entered Sweden illegally. The state alien commission is to study his plea for asylum. It was hinted unofficially that he will be allowed to stay.

Authorities did not identify the Russian by name.

If Eisler is given the status of a political refugee, the case against him will be dropped.

Ede told the questioners that "I him will be dropped."

MORAL: DON'T COVER THE WATERFRONT

Ever since the day of Annette Kellerman and the Mack Sennett girls, pictures of bathing beauties have been a part of our national culture. And they are an aspect of that culture that the rest of the western world was quick to adopt and call its own.

Soon, by association, bathing suit pictures became popular even when the subjects were not beautiful. They filled snapshot albums and appeared in newspapers and magazines. Most people who have ever gone to beaches have had such pictures taken, with no more feeling of embarrassment than as if somebody had taken their picture in a house dress or a pair of overalls.

But apparently the bathing suit is still an indecorous and undignified article of apparel in which to be photographed, although it's perfectly all right to wear in public. More than that, it has suddenly developed that a picture of a person in bathing attire can be a matter of grave national or international significance.

We suspected that when some news photographers ran into trouble after taking pictures of the President and the Chief Justice from a blimp when the distinguished duo were in swimming at Key West. The photographers' film was seized, amid complaints of censorship, for reasons of "security."

Now all suspicions have been confirmed beyond a doubt. Paris police have confiscated the edition of a weekly magazine, on request of the French Foreign Ministry, because it published a photograph, taken in Italy, of England's Princess Margaret in a swim suit. Police said that the picture "cast aspersions on the royal family of a great, friendly country."

We are sure that Margaret's great-grandmother Victoria would have approved the action.

Walsh of Jerseyville, cousin of the bridegroom, was best man for Mr. Walsh, and George Bartow served as his groomsmen.

A reception was given at the home of the bride's parents following the wedding.

Mrs. Fred Malik of St. Louis.

One suit—25.00—it's a wonderful buy! Two suits—50.00—four times as wonderful, because they make four costume changes—with just a switch of the jackets and skirts (Good Housekeeping shows three of these suits making a wardrobe of nine costume changes!) Choose one Sacony that's soft and sweet, another that's simply basic—one that's long-sleeved, another that's short-sleeved. Pick two wonderful colors—from frosty white, gentle pastels, polished darks. Then, let yourself go—on and on. You can count on Sacony suits to look spanking fresh, because wonderful wool-and-rayon Palm Beach is ever-crisp, ever-cool even when the sidewalk sizzles. Christian Ideals Most Effective In Winning Peace

Atom bombs and swarms of airplanes can never fully destroy the spiritual ideals or philosophies of peoples, Major Henri Servais told the Optimist club Wednesday while delivering an address on "Bombs And Ideas." He asserted that Communism and other ideologies must be combatted and conquered with Christian philosophies if the job is done right.

"The common people of Russia look at America through the sights of the Kremlin's cannon," Major Servais said. "They do not get a true perspective of the United States, or the reasons it is the greatest country in the world. The common people of Russia do not know that Christian principles, and application of the rule 'I am my brother's keeper,' are responsible for the success of our democracy."

The speaker said armies and navies have crushed the material things in countries, but that something else is needed before philosophies can be conquered. He suggested that America carry on a campaign of education featuring the strong points of democracy, as a means of combat-

ing Communism. "We should meet bad philosophies with good if we wish to bring lasting peace to the world," he stated. Referring to the "cold war" or "war of nerves" which has been carried on between this country and Russia, Major Servais said there human casualties as there are in armed conflict, brought on by worry and insecurity of the world.

The speaker was introduced by Rev. C. Frank Janssen, program chairman. Vice President William Townsley presided at the meeting.

THE STORY: The violent death of Lilly Warren has upset the routine of Henry Gough Harding's island of escape, Speare Island. Lilly was found shot in a car of a trolley railway running to the store room on the beach. No one but Bea Cosgrove knows that Lilly was killed by the automatic which Bea hid among the sugar sacks in the kitchen the day she arrived. An inquiry is held at which everyone, Harding, Miss Cosgrove, Agnes Firth, Mabel Jones, Fred Sillwell, George Bascombe, Mollie Stark and Nona McGuire, all have alibis. But, Harding asks, where did the gun come from? Bascombe says that all the guns on Sillwell's yacht, which was shipwrecked on the island, were 38 or larger caliber, while this gun was a Mauser .765, about a .32.

XVI

FRED SILLWELL snapped his fingers. "Wait a minute. I just remembered. I picked up a little automatic in a hock shop the day before we sailed. It had 'Waffenfabrik Mauser A. G. Oberndorf A. N. Mauser's Patent' stamped on one side. And the serial number just in front of that. Three hundred thousand and something. Six figures anyhow. I packed it away in oil rags in a watertight tin box and forgot it. I don't think any of the others knew I had it. Does that help you any?"

Miss Cosgrove could have supplied the rest of the serial number from memory. There was no doubt in Bea's mind that the gun was the one she had smuggled onto Speare Island and had hidden among the sugar sacks on the night of her arrival. She also recalled the gently swinging door that had aroused her suspicions after she had hidden the gun.

Harding took the gun from his pocket and looked at it closely. "The first number is correct. I think it is clear this is your weapon, I am glad to have that detail explained."

BEA'S pencil point broke. She resharpened it quickly, looked up to meet George's glance. He

death by a self-inflicted gunshot wound while of a temporarily un-sound mind."

HENRY HARDING brought dynamite from the large supply in the storeroom and planted it skillfully in the hole scooped from the shallow topsoil. The bedrock was shattered for a foot or two and pieces and dirt blew in all directions.

The flowering plant on the grave of A. Roble was clipped off neatly at its base by a flying fragment. "It's deep enough," Harding said.

George Bascombe and Fred Sillwell helped him lower the stiffened canvas-wrapped body of Lilly Warren into the grave. The women, with the exception of Mollie, stood and watched.

Harding picked up a shovel and tossed in some dirt and rock.

"Aren't you going to say something?" Agnes Firth asked hesitantly.

"Say something?" Harding snapped. "What do you want me to say. Dust to dust? The only thing to say is that it is unfortunate Mrs. Warren's weaknesses should inconvenience others."

He began shoveling again. Bea Cosgrove heard Nona McGuire grow in her breath sharply. She put her hand on the younger woman's arm in time to stop an outburst.

They watched while Harding and Bascombe filled in the shallow hole. They turned in silence and filed slowly toward the main house.

Harding washed his hands thoughtfully at the kitchen sink, then joined the rest in the main room. He smiled suddenly. "I have thought of a way out of the present difficulty," he said. "For the time being, I will ask Mrs. McGuire to take over the house duties and the cooking. I will get a black dress for you, Mrs. McGuire in place of the green you're wearing."

"I'm glad to know what was worrying you," Nona said too sweetly. "Now what would you like for lunch? Fudge or a tossed salad? That's all I know how to cook."

Car Skids, Lands On Railroad Track; Driver Is Lucky

A. E. Smith of Seattle, Wash., a traveling representative of the Red Cedar Shingle Bureau, narrowly escaped injury Thursday morning when his 1948 Plymouth car was badly wrecked near Orleans, after it skidded from the highway and turned over several times.

The automobile came to a halt on the Wabash railroad track. Smith was able to crawl out of the car and summoned assistance.

The Seattle man was enroute from Hannibal, Mo., to Springfield. Rain was falling at 6:45 o'clock when the accident occurred. Smith said the front wheel brake locked, causing him to go into a skid.

He was badly shaken up, but was able to come to Jacksonville and register at the Dunlap hotel. Later in the morning Mr. Smith went to Our Saviour's hospital for a medical examination.

The almost demolished car was towed to the Lukeman Motor Co. garage.

Minnesota Thinclads Rated Favorites In Big-Nine Track Meet

Evanston, Ill., May 19.—(P)—One of the most uncertain outdoor track showdowns in Big Nine history opens at Dyche Stadium tomorrow with preliminaries for a 200-athlete field in nine events.

Finals in the 14 events of the 49th annual conference championships will be held Saturday afternoon.

Minnesota, which has never won a conference indoor or outdoor championship, was boomed as the favorite, but defending champion Ohio State and Wisconsin, Michigan, Indiana and Illinois all were rated as sharp contenders.

Observers calculated that the low total of 45 points would cap the title and Minnesota ostensibly had the performers to pick up the points, if not first.

Cooper Back In Pole Vault

The Gophers, 1948 N. C. A. A. champions, have only one of the meet's six returning individual champions — pole vaulter Harry Cooper — but Minnesota appears loaded enough to pick up a wad of points in the sprints, hurdles and field events.

The other individual returning champions include Indiana's Chuck Peters in the 100 and 220 dashes; Wisconsin's Don Gehrmann in the mile, Olympic champion Mal Whitfield of Ohio State in the 440; Illinois' Lou Irons in the high jump; and Northwestern's Jim Holland in the broad jump.

Although three records may be threatened, the mark regarded most likely to fall is in the mile as Gehrmann, with a season's best of 4:10.1. Shoots at the 4:10.8 set by Indiana's Don Lash in 1936.

The pole-vault record of 14 feet, 2 inches will face an assault by three 14-foot leapers, Cooper, Wisconsin's Tom Bennett and Illinois' Don Laz.

Eddleman Will High Jump

Illinois' Dike Eddleman last week cleared a shade under 6 feet, 7 inches and possibly may make a serious pass at the league high jump record of 6-7 1/4 set by Ohio State's Dave Albritton.

That presumes Eddleman will de-throne Illinois team-mate Irons which could happen as well as title defense failures by Peters in the 100 and 220 sprints, Cooper in the pole vault, and Holland in the broad jump.

The best 220 time this season has been by Minnesota's Tom Mason (.21.7), who figures to give Peters a real scrap in the furlong.

Cooper has been nursing an ailing ankle all week and, in good health or not, will be pushed by Bennett and Laz.

Holland will be pressed by Wisconsin's George Kallas, Ohio State's Bob Wade and Purdue's Jewel Daily.

The 100 sprint, always a toss-up, finds Peters facing two rivals who have better seasonal clockings, Purdue's Charlie May and Mason, who have romped .086 centuries.

Dale Hudson Leads Arkansas Thinlies To State Title

Dale Hudson, former star athlete at Jacksonville high school, has just led his Arkansas State college track team to the second successive college championship in the state of Arkansas.

Dale, who is captain of the thin-clad squad, won the shot put with a toss of 44 ft. 7 in. and captured first prize in the discus throw with a heave of 130 ft. 4 in.

Hudson has played three seasons of right tackle on Coach Prosy England's football team at the Arkansas school.

He will graduate in August and plans to go into coaching next year. He is a physical education major.

Ken Barnd, Ivy Vaulter, To State Meet For 3rd Year

An outstanding athlete at White Hall the past four years, Ken Barnd goes into the State track and field this week and a heavy favorite to make a good showing in the pole vault event along with his neighborhood rival Gale Staples of Carrollton.

Both of these Ivy pole vaulters scaled 12 ft. 1 in. to tie for first place in the Pana district meet last week and to qualify for the state finals which start today.

Ken Barnd

Barnd has the unique distinction of qualifying for the state tourney three out of four years while attending White Hall high school. As a freshman, Ken made his first trip to Champaign. He failed to make the grade his sophomore year, but came back to repeat as a junior. This year, a senior, Barnd is making his third and last trek to the University city.

The husky Maroon athlete also stars in football and basketball for Coach S. N. Walker. He was named on the all-conference football team two years running, and was given all state honorable mention by the Chicago Daily News in the grid sport this past season. Barnd also does a credible job on the hardwood in a guard position.

Al Miller, athletic director of Illinois College, has announced that the White Hall stalwart may be going to school in Jacksonville come next September.

Softball Tonight

Mother Nature called the balls and strikes at the local softball park again last night. Both the "B" and "A" league games were cancelled as a result of yesterday's morning and evening deluge. Those games will be pushed aside until a convenient time for play-offs can be arranged.

The Recreation club has requested that entry fees not yet turned in by the league teams should be paid to Herschel Heaton, ASA softball district commissioner, not later than June 1.

Games Tonight

V.F.W. vs. Pepsi League (7:30 p.m.)

"A" League

Elks vs. House of Clay (8:45 p.m.)

In all league games, the first team named on the schedule will act as the home team. The schedule is so arranged that the host team one evening will act as visiting team the next time it plays.

Hear Barney Lewis' 5:30 sports reel over WLDS every weekday for the final word on "softball tonight."

Jim Butcher, JHS Trackman, In State Meet Today

Jim Butcher, a sophomore at Jacksonville high school, will accompany ISD's Maurice Ellis to the state track and field meet at Champaign today.

By virtue of a tie for second place in the pole vault event at the Macomb district with a leap of 10 ft. 6 in., Butcher is making his first trip to the state finals. Ellis is making his initial bid for state honors in the mile run.

Other prep stars from this district who are in Champaign for the statewide tourney today and tomorrow include Dick Zimmerman of Pittsfield, Ken Barnd of White Hall, Gale Staples and Dick Ridings of Carrollton, and Bill Rawlings of Franklin.

Virginia Athletes, Kiwanians Hear Art Bergstrom

Virginia—Twenty-three members of the basketball, baseball and track teams of the Virginia community high school were supper guests of the Virginia Kiwanis club at the Legion Hall in Virginia Monday evening. Board members and faculty members also attended.

Sup. J. Benjamin Wallich of the local high school was toastmaster and Coach Cecil McVey introduced the members of the teams.

The speaker of the evening was Art Bergstrom, director of athletics at Bradley University.

The speaker took as his theme in his talk to the squad members, "You get out of it what you put in it." Four principal benefits were stressed: initiative, courage, physical and mental, team work and loyalty, and tolerance.

Legion Stag Party

The American Legion stag party, the stake in a recent membership drive, will be held in the Legion Hall on Tuesday, May 24. James Frisch is chairman for the event and free fish is in store, the agreement at the beginning of the contest. Serving begins at 7:30 p. m.

N. Y. Giants Down Cincinnati 6-2

Cincinnati, May 19.—(P)—The New York Giants warded off the threatening Cincinnati Reds, 6-2, today to maintain their first place National League tie with the Boston Braves.

Johnny Mize slammed his ninth homer of the season with one on and Walker Cooper socked a two-run double to lead the Giants' 13 hit attack against Johnny Vander Meer, Ed Ebaugh and Kent Peterson.

The Reds, who now trail the co-leaders by two games, reached Sheldon Jones for 13 safeties, hitting in every inning except the ninth. The victory was Jones' fifth in eight decisions.

White Sox Outhit Red Sox But Have To Go 10 Innings To Win

Boston, May 19.—(P)—Although they rapped almost twice as many hits as their opponents the Chicago White Sox needed the assistance of four Boston errors today before they could whip the Red Sox 7-6 in ten innings. The Chicagoans made 13 hits to Boston's seven.

All the long hitters of the Red Sox failed to come through in the bottom of the tenth after the first batter, Johnny Pesky got in via a base on balls.

Reliever Max Surkont, fourth Chicago pitcher, got rid of Ted Williams on a fly to deep center. Vern Stephens on a foul to the catcher and struck out Bobby Doerr to end the game.

The winning run was tallied on an error by First Baseman Billy Hitchcock.

Grover Bowers lined a single over second base into right to start the tenth.

He was sacrificed to second. Joe Tipton grounded to deep short as Bowers took third.

Stephens throw wasn't quite true but instead of getting off the bag to catch it, Hitchcock reached and the ball glanced off his glove for an error. Bowers continued on across the plate.

Once again Chicago hurlers gave up home runs. Birdie Tebbetts slugged his first of the year in the third inning. Dom Dimaggio got his first of the season in the fifth, scoring a runner ahead of him and Al Zarilla belted his second of the season, and his first for Boston, in the sixth.

A gathering of 8,003 fans saw the game.

I. S. D. Girl Scouts Will Observe 30th Birthday

Yesterday's Rains Called Great Aid To Morgan Crops

Yesterday's rainfall, around an inch and a quarter in Jacksonville, was just "what the doctor ordered," Morgan county farmers said.

It began raining shortly before dawn and continued intermittently throughout the morning, registering 1.16 inches at noon. Another good shower hit this area early in the evening.

The water soaked Morgan farms and gave all vegetation a refreshing drink.

Seed that was planted in soil too dry to germinate is expected to pop sprouts soon.

The oats crop, which was beginning to look rather bleak, especially welcomed the moisture.

Most of the corn has already been planted. Farmers expect to kill another crop of weeds before planting soybeans.

Farmers with cloudy fields were especially enthusiastic about the rain. "Best morning's sleep I ever had," one of them exclaimed Thursday.

Girl Scouts at the Illinois School for the Deaf will celebrate the thirtieth anniversary of their founding with a birthday party Sunday afternoon at 2:30. Troops one and two, organized in 1919, hold the distinction of being the first Girl Scout troops for the handicapped in the United States.

The program will center around the theme "Girl Scouting Yesterday, Today and Tomorrow," and includes as speakers Dr. Mary Louise Newman, Jacksonville's first Scout commissioner, Mrs. Orville Foreman, the present commissioner, and Miss Catherine Schirz, Girl Scout executive.

Also included in the program will be the color guard, a toast to the flag, historical tableaux, a choral reading of "The Beautiful Unbuilt City," and the lighting of the birthday cake. Miss Mary Wolke will serve as organist throughout the service.

The original troop was sponsored by Mrs. Henry T. Rainey under the superintendency of Harvey T. White and continued until 1923. After a lapse of four years, the Scouts were reorganized by Mrs. Frank D. Whipp and have been active continuously up to the present time. The troops pioneered throughout the years both in work for the handicapped and in helping to organize scouting in Jacksonville.

By Mrs. Solberger

Although a number of persons were responsible for the growth, Mrs. Emma Solberger was one of the outstanding leaders. She had charge of troop one from 1927 to 1937. In 1939 Troop one transferred to the new Senior Scout program and since that time has rendered approximately 2,000 hours of volunteer service to the community.

Miss Eloise Kennedy is leader of troop two and Miss Frances Frisch of troop one. They are assisted by Miss Barbara Rogers, Miss Virginia Wehr, Mrs. Martha Stark and Miss Marcia Melvin. Mrs. Carrie Mackness and Miss Ann Kingsley serve on the troop committee.

All Jacksonville Girl Scouts, council members and friends of scouting have been invited to join in the celebration.

Homemakers At Waverly Give Tea Honoring Mothers

The Waverly Future Homemakers of America held their annual Mother-Daughter tea on May 13 at 2 p. m. in the high school gymnasium. The afternoon was begun with the opening ceremony. A musical program followed which consisted of a vocal duet by Frances Turner and Wanda Rynders singing "Dream Mother." A trio composed of June Hankins, Barbara Brown and Wanda Rynders sang "Moonlight and Roses." Pauline and June Hankins sang two vocal duets. Barbara Love concluded the program with two accordion solos.

After the musical program an impressive installation service was held. Those installed were Shirley Sexton, president; Pauline Hankins, vice-president; Twila Robson, secretary; Joann Seales, treasurer; Margaret Archer, parliamentarian; Nellie Dossett, program chairman; Dorothy Dunseth, projects chairman; Donna Chapman, public relations chairman; Barbara Love, recreation chairman; Mrs. Albert Love, chapter mother. The retiring president is Miss Donna Summers.

A tea followed the ceremony with the mothers and members of the faculty as guests of the FHA girls. The Homemaking III class, had charge of the tea under the supervision of Mildred Kenyon, home-making instructor.

Nellie Dossett will attend East Bay Leadership camp in August as a representative of the Waverly chapter. Miss Dossett, along with Shirley Sexton, will attend the regional convention to be held in Columbus, Ohio, the week of July 11.

The event concludes the year's activities for the Waverly FHA.

White Hall Church Program To Mark 4-H Sunday

A choral selection will be sung by Carol Ann Davis, Virginia Bohn, Jeanne Rex, Shirley Shewmaker, of the Good Luck club, and Phyllis Reynolds accompanied on the piano by Mrs. Cletus Reynolds, leader of the Berdan club. Marilyn Day and Shirley Rabe of Bending Oaks club will lead the clubs in the 4-H pledge.

Ushers will be from the Rich Street club of which Russell Painter is leader, namely David Ridings, Dick Washburn, and Harold and Jim Patterson.

Mrs. Gussie Fraser, county rural youth assistant, will give a short talk on 4-H work followed by the sermon by the pastor, Rev. Ben A. Bohn. The church will be decorated by the Good Luck club of which Mrs. Kenneth Davis is leader. The members of Waverlyville club sponsored by Mrs. Bob Hubbard will also be present.

FISHERMAN'S LUCK—A DEAD SHAD

A shad floating in a hoop net is a disappointing sight to a commercial fisherman. It usually means an empty haul, says "Sandy" Newman of Meredosia. The fish, useless for food, dies soon after he's caught and evidently a dead shad scares away other fish. The net was empty.

Fishing At Dosh Has Been Poor; Rains May Help

By Cecil Tendick

The farmers aren't the only people happy about yesterday's fine rains. So are the commercial fishermen on the Illinois river.

Catches have been mighty slim this year. Men who make their living hauling fine food fish out of the river have not been prospering. Old hands at the game say the fish haven't been moving.

"We need some new water to wake them up," they say. A sleeping fish is hard to catch.

"About all we're getting these days is exercise," declared Odean (Sandy) Newman of Meredosia as he yanked the starting rope on his outboard motor. "Maybe we'll catch something today."

Born A Fisherman

Sandy was born in Meredosia 39 years ago and has been fishing ever since I could crawl into a boat. Fishermen, since time immemorial, are always hopeful. If they don't catch anything today, tomorrow will be different.

Sandy's 18 foot flat bottom, broad beamed boat, which he built three years ago, swung away from the Meredosia Fish company sales barge moored in the outlet of Meredosia bay and headed for the river.

A man fishing from the bank of the chute pulled in a hand-sized perch. Sandy courted out his engine to keep from scaring away any other members of the perch family that might be hanging around the neighborhood.

"It won't take long to see if we've got anything," Sandy commented as the boat slid under the bridge. "Any way, it's a pretty morning."

Sandy was right. The sun beamed down on the murky waters of the river. A dragonfly dived low like an overloaded cargo plane. A mourning dove preened himself on the shores of an island. Like a sub-deb on a coke date, his mate fussed around with the idea of sipping a drink. A red-headed woodpecker drummed on a snag, surely with no hopes of finding any grubs. He probably just wanted to advertise to every one that there's a mighty good looking, robust red-headed woodpecker in the valley.

Fish Dislike Tar

Sandy wasn't disappointed with the emptiness of his first two hoop nets. He had just tared them and fish evidently don't like the smell of tar. It takes three days to a week before the strong odor disappears.

The hoop net is a standby with commercial fishermen. It's a knitted funnel-shaped contrivance, with hoops about four feet in diameter supporting the webbing. Two throats, also of knitted twine, keep fish from swimming out of the trap.

The mouth of the nets points downstream. Sandy's nets are held by 50 to 70 feet of five-eighths tared rope fastened to a willow stake about four feet long, which is driven into the bed of the river with a special hammer—a short length of three-inch iron pipe attached to a 16 foot pole.

Most of Sandy's nets were covered by 16 feet of water. Nobody else knows where they are. And its only through years of experience, that he can find them. He knows the floor of the river a lot better than many householders know their backyards.

Right Place, Right Time

With the boat moving about six miles an hour against the current, Sandy keeps his eye peeled on a certain landmark, usually the limb of a tree. He'd swing the boat at right angles, slow the motor and throw out the grab-hook, a four-prong weighted device attached to a five-eighths line. When one of the prongs snagged the submerged rope which held the trap, he'd shut off the engine and lift up the net. Just as simple as that.

He missed once, though, casting 18 times to bring up 17 nets.

Experienced fishermen can tell a lot about a net, and its possible contents, before it ever breaks the surface. A "clean tail," free of river debris, means there's buffalo in it. Buffalo fight the tail; carp fight

Finding nets covered by 16 feet of water calls for skill. With his eye on a landmark Sandy Newman prepares to drop his grab-hook to pick up the net's holding line. He got it the first time.

the sides, Sandy said. The third net had a pound and a half perch in it; the fourth one was blank.

"We've got a couple of buffalo," Sandy predicted as he heaved up No. 5. He was right, two four pounders.

Carp Rips Net

The big event of the day was a 16 pound carp. But catching him wasn't altogether clear profit. He had broken the side mesh in four places, leaving gaps plenty big enough for smaller fish, say a bunch of prized cats, to escape. Sandy reached in one pocket for his knife, pulled a small hank of twine out of the other and patched the holes. He mumbled something about fishermen's luck.

Raising nets is hard work, especially when they're empty. Sandy recalled that he has gotten as much as "400-500 pounds out of a single net."

"Fishing is a joke these days," Sandy declared as Raymond Wade, of the Meredosia Fish company, weighed the day's catch: 32 pounds of buffalo and perch, 34 pounds of carp. Not a catfish.

Sandy didn't say anything about quitting though. All he said was "they ought to start running any day now."

Hope and fishermen are still pals.

Head Of Youth And Community Service Speaks

George W. Whitely, head of the Division of Youth and Community Service of the Illinois Department of Public Welfare, addressed the Jacksonville Kiwanis club Thursday on "Juvenile Delinquency — The problem and the solution."

Pointing out that more than 80% of the young criminal offenders who are sent to institutions become repeat offenders after their release, Mr. Whitely declared that it is incumbent upon society to do something for these individuals rather than simply cast them off.

Human misbehavior is a reflection of breakdowns in our society, the speaker declared. If we are to curtail delinquency, we must give primacy in life to spiritual values and have faith in the potentialities of the individual.

Decrying the present trend which emphasizes society's obligation to the individual, Whitely said that we must return to a philosophy of life which places the emphasis upon the individual's responsibility to his fellow man.

"Mankind as a whole has no greater power than the power of individual people," he said, "yet we do not act as if these were true. We usually act without faith in human possibilities."

The speaker was introduced by A. W. Applebee, program chairman. Among the guests was Edward Hopper, a member of the staff in the Youth and Community Service division.

Discuss Chances For Hospital In Jersey Co.

Jerseyville—The largest crowd of the series attended the final meeting here of the economic forum of Jersey county. One of the bright spots in the meeting was the strong possibility of the revival of a program for a hospital in Jersey county.

The county once voted favorably on the question of establishing a hospital in the community, but the law governing the setup of such hospitals was held unconstitutional.

The present session of the legislature has corrected the former legal deficiencies, and the bill has passed and now awaits the signature of the governor. It was announced here Saturday evening by representatives from this Illinois district.

Among district officers who attended the forum here and gave discussions regarding pending legislative matters were Senator Timothy Donnelly and Representatives William Robison, Edward Schafer and Delbert Shade.

Hundreds Of Children Attend Indoor Picnic

"Let it rain, let it rain" could have been the carefree chant of more than 500 boys and girls from four counties who gathered in Jacksonville Thursday for the annual picnic given by the Chicago Motor Club for school safety patrols.

A downpour during the morning failed to spoil the fun. Instead of gathering on the Illinois College campus as planned, the boys and girls were directed to the Y.M.C.A. Youth Center on West State street, where they were sheltered from the rain.

Games and contests furnished recreation from 10 o'clock until noon. Coach Merle Wade of the David Prince Junior High school, was in charge of the informal program.

At noon the hundreds of youngsters were treated to a dinner of hot dog sandwiches, potato chips, doughnuts, ice cream, candy bars and a soft drink.

Later they went to the Illinois theater for two movies and a sport program presented by Junior High school pupils.

Almost all schools of the Jacksonville area were represented by groups of boys and girls, accompanied by teachers and chaperones who made the journey in school buses, trucks and cars.

Carter H. Wilson, district manager of the Chicago Motor Club, was in general charge of plans for the picnic, assisted by school and Y.M.C.A. staffs.
